

Never Alone at a Healthcare Crossroads

A simple way for Umbra Advocates to help people in their community.

Refer Your Contacts to Umbra

Many advocates tell us: "I know someone who needs help navigating healthcare." If YOU know someone on Original Medicare who feels overwhelmed or unsupported, we can help you help them.

Who This Helps

Anyone on **Original Medicare** who:

- Struggles to navigate their care
- Has multiple conditions or appointments
- Feels confused, alone, or stuck at a healthcare crossroads
- Needs someone in their corner

How To Refer

1. Identify someone who could use support
2. Confirm they are on Original Medicare (Part B)
3. Get their permission to share their information
4. Submit their information through our referral form (or have them complete it on their own)
5. Umbra reaches out and guides them from there

When they enroll, we match them back with you as their advocate.

You never need to refer patients to be matched with Umbra clients, but we are here to support you if you want to make referrals.

We're Here To Help You Too

Need materials for your community? We can create:

- Flyers or emails
- Short presentations
- Webinars
- Virtual meeting support
- Translated materials

Email medicare@umbrahealthadvocacy.com to request help.

Ready to Refer Someone?

Use the [referral form](#), available at www.UmbraHealthAdvocacy.com/Referral and confirm they've given permission.
